EXAMINATION QUESTION PAPER - Multiple choice

EXC 29531
Organizational Behaviour and Management

Department of Leadership and Organizational Behaviour

Start date:	01.12.2016	Time 14.00
Finish date:	01.12.2016	Time 15.00

Weight:	0% of EXC 2953
Total no. of pages:	19 incl. front page
Answer sheets:	Answer sheets for multiple-choice examinations
Examination support materials permitted:	Bilingual dictionary
Re-sit	Ordinary

PLEASE READ THE FOLLOWING BEFORE YOU BEGIN!

- Students must themselves assure that the examination papers are complete.

- Students must provide the following information on the answer sheet:
  - ✓ **Examination code**
  - ✓ **Personal initials**
  - ✓ **ID-nr**

  The ID-nr must be recorded with both the appropriate numbers and by putting an "X" by the corresponding number in the columns below.

- Do not use pencils or pens with green ink when filling in answer sheets. Answer sheets must not be used for rough drafts.

- **All answers must be recorded with an "X" under the letter you believe corresponds with the correct answer.**

- **Cancel an "X" by filling in the box completely (boxes that are completely filled in will not be registered). "X" in two boxes for one question will be registered as a wrong answer.**

- The attached example shows you how the answer sheet would be filled in if A were the correct answer for question 1, B correct for question 2, C correct for question 3 and D correct for question 4. An "X" under E indicates that you choose not to answer question 5.

- **Your answers are to be recorded on the answer sheet. Answers written on the examination papers and not on the answer sheets will not be graded.**

- There is only <u>one</u> right answer for each question. Because the questions are weighted equally, it can be to your advantage to answer the easiest questions first.

- Wrong answers are given -1 point, unanswered questions get 0 points (indicated by an "X" next to E") and correct answers are given 3 points.

- You can keep the examination papers.

1 **The ability to get someone to do something or to make things happen in a specific way is called:**

A influence

B coercion

C Machiavellianism

D power

E I do not want to answer this question

2 **_____is the ability to control another's behaviour because the person wants to identify with the power source.**

A referent power

B coercion

C influence

D Machiavellianism

E I do not want to answer this question

3 **Which of the following is a basis for position power?**

A expert power

B knowledge power

C referent power

D coercive power

E I do not want to answer this question

4 **Legitimate power is a form of:**

A position power

B expertise

C personal power

D coercion

E I do not want to answer this question

5 **Legitimate power is based on the:**

A subordinate's beliefs that the superior has the right to command

B knowledge of the boss

C rewards available to the boss

D personality of the boss

E I do not want to answer this question

6 **Reward power is the power over subordinates:**

A due to their belief that the superior has a right to command

B because of knowledge and experience of the superior

C because they like to identify with the superior

D because the superior controls money, compliments etc.

E I do not want to answer this question

7 **In the experiments on obedience at Yale University:**

A only a very few subjects would shock another person to a dangerously high level

B the majority of subjects would shock another person to a dangerously high level

C most people rejected the apparent authority of the laboratory experimenter

D a few subjects would shock another person to a dangerously high level

E I do not want to answer this question

8 **The zone of indifference is a:**

A lack of motivation to follow superior's directives

B high level of motivation to follow a superior's directives

C willingness of the subordinate to follow directives without critical evaluation or judgement

D superior ignoring certain mistakes of the subordinates

E I do not want to answer this question

9 **The three basic power relationships to ensure success are:**

A upward, downward and lateral

B upward, downward and oblique

C downward, lateral and oblique

D downward, lateral and external

E I do not want to answer this question

10 **When achieving upward influence, employees:**

A can easily use their position power

B expect their superiors to support them

C need to use personal power

D can rely upon loyalty

E I do not want to answer this question

11 **Reason, coalition, bargaining and assertiveness are all strategies for:**

A enhancing personal power

B enhancing position power

C exercising referent power

D exercising influence

E I do not want to answer this question

12 **The process by which managers help others acquire and use the power needed to make decisions affecting themselves and their work is called:**

A empowerment

B influence

C zone of indifference

D coercion

E I do not want to answer this question

13 **One guideline for implementing a successful empowerment strategy is:**

A delegation of authority should be left ambiguous and open to individual interpretation

B managers should refrain from communicating to subordinates

C planning should be separated according to the level of empowerment

D allow room for error: encouraging employees to be more involved inevitably entails some risk-taking

E I do not want to answer this question

14 **Organizational politics is defined to include:**

A the management of influence to obtain ends not sanctioned by the organization

B the artful use of power to develop socially acceptable ends

C the artful use of power to develop socially acceptable means

D unsanctioned means to achieve unsanctioned ends and the artful use of power

E I do not want to answer this question

15 **Political power is:**

A power that is directed towards ends not sanctioned by the organization

B power used for formally auditing groups and substituting for formal authority

C power that is overemphasized and upheld by top management

D power that is used for maintaining the status quo

E I do not want to answer this question

16 **The process of identifying a problem or opportunity and choosing among alternative courses of actions is called:**

A judgement

B intuition

C decision making

D heuristics

E I do not want to answer this question

17 **An uncertain decision environment occurs when:**

A there is only limited certainty of the outcomes of various courses of action

B those involved in the decision making cannot agree on a course of action

C information is sufficient to predict the results of each alternative

D probabilities as to the outcome of various courses of action cannot be predicted

E I do not want to answer this question

18 **Which of the following is not one of the four basic steps in systematic decision making?**

A analyzing alternative courses of action

B choosing a preferred course of action

C consulting and seeking approval of others involved in the decision

D recognizing and defining the problem

E I do not want to answer this question

19 **The first step in decision making is to:**

A choose a preferred course of action

B implement the preferred course of action

C recognize and define the problem

D identify alternative courses of action

E I do not want to answer this question

20 **Which theory of decision making holds that people act only in terms of what they perceive about a given situation?**

A classical

B heuristic

C perception

D behavioural

E I do not want to answer this question

21 **The key difference between making a decision in the classical style and making one in the behavioural style is:**

A the individual's management style

B the presence of judgmental heuristics

C whether all parties agree to the course of action

D the presence of cognitive limitations

E I do not want to answer this question

22 **Satisficing is:**

A choosing the optimum solution to a problem

B knowing all action alternatives and their consequences before making a decision

C choosing the first alternative that appears to give an acceptable resolution to a problem

D making a decision which satisfies all parties

E I do not want to answer this question

23 **Heuristics are:**

A simplifying strategies

B based on intuition

C biases that should always be avoided

D usually used for non-routine problems

E I do not want to answer this question

24 **An escalating commitment is a:**

A commitment to stick to a proven course of action

B tendency to continue with a course of action despite negative feedback

C tendency to continue with a course of action until results on its success are available

D decision made using classical decision theory

E I do not want to answer this question

25 **AII – the second variant on the authority decision in the Vroom-Jago model – means that the manager:**

A shares the problem with subordinates as a group and leads them to a consensus

B solves the problem alone using information available at that time

C shares the problem with subordinates individually, and the decision may or may not reflect their input

D obtains information from subordinates, then solves the problem alone

E I do not want to answer this question

26 **When a manager shares a problem with subordinates or other group members individually, then makes a decision that may or may not reflect their input, the manager is using which variant of the Vroom-Jago model?**

A AI – first variant on the authority decision

B AII – second variant on the authority decision

C CII – second variant on the consultative decision

D CI – first variant on the consultative decision

E I do not want to answer this question

27 **Groupthink is:**

A believing that most problems can be solved

B an advantage of group decision making

C when members in highly cohesive groups demand conformity and become unwilling to criticize group members' ideas

D group decision making carried out by all members

E I do not want to answer this question

28 **A situation in which a person must decide whether to do something that (although benefiting the person or the organization or both) may be considered unethical or perhaps illegal is called:**

A ethical perspective

B ethical decision-making standard

C escalating commitment

D ethical dilemma

E I do not want to answer this question

29 **Decision making in 'collectivist' cultures:**

A is fast

B aims at consensus

C makes implementation difficult

D is based on simple majority rate

E I do not want to answer this question

30 **The process of sending and receiving symbols with attached meanings in organizations - from one person to another - is called:**

A organizational communication

B exchange

C encoding

D feedback

E I do not want to answer this question

31 **Communication is the:**

A interpretation of symbols sent from the sender to the receiver

B process by which entities exchange information and establish a common understanding

C process of telling someone else how one feels about something the person did or said about the situation in general

D process of sending and receiving symbols with attached meanings, from one person to another

E I do not want to answer this question

32 **Four functions of organizational communication are particularly important. Which of the following is not one of these:**

A sourcing information

B developing information

C expressing feelings and emotions

D communicating roles

E I do not want to answer this question

33 **Which element of the communication process encodes the intended meaning into a message?**

A the decision implementer

B the consultant

C the receiver

D the source

E I do not want to answer this question

34 **In communication, noise would not include:**

A uncomfortable temperature

B construction work going on outside the building

C cultural differences

D the sender

E I do not want to answer this question

35 **The sources of noise include all of the following except:**

A semantic problems

B status effects

C cultural differences

D feedback

E I do not want to answer this question

36 **Communication which occurs at minimum cost in terms of resources expended is:**

A effective

B efficient

C affective

D normal personal

E I do not want to answer this question

37 **One-way messages:**

A are effective

B are efficient

C are satisfying for the receiver

D always communicate the message accurately

E I do not want to answer this question

38 **Effective communication occurs when:**

A the receiver does as the sender says

B the intended meaning of the source is the same as the perceived meaning of the receiver

C the sender is clear and articulate

D the receiver provides feedback to the sender

E I do not want to answer this question

39 **Which communication channel follows the chain of command established by the organizational hierarchy?**

A formal

B informal

C upward

D downward

E I do not want to answer this question

40 **Formal communication channels:**

A interfere with the effectiveness of the communication attempt

B are planned communication connections between holders of the various positions within the organization

C adhere to the organization's hierarchy

D cut across vertical chains of command

E I do not want to answer this question

41 **The firm is a network of information and communication channels. There are now three categories. Which of the following is not one of these?**

A formal channels

B external channels

C quasi-formal channels

D informal channels

E I do not want to answer this question

42 **According to the textbook, up to what percentage of time do managers spend dealing with conflict, including conflicts in which the manager is directly involved as one of the principle actors?**

A 10

B 20

C 30

D 50

E I do not want to answer this question

43 **The two basic types of conflicts are:**

A relationship and substance

B substantive and emotional

C interpersonal and inter-organizational

D intrapersonal and interpersonal

E I do not want to answer this question

44 **A conflict that occurs in the form of a fundamental disagreement over ends or goals to be pursued and the means for accomplishment is known specifically as a(n)_____conflict.**

A relationship

B substantive

C procedural

D Inter-organizational

E I do not want to answer this question

45 **A conflict that involves interpersonal difficulties that arise over feelings of anger, mistrust, fear etc. are known specifically as a(n)_____ conflict.**

A relationship

B emotional

C substantive

D intrapersonal

E I do not want to answer this question

46 **Intrapersonal conflict occurs:**

A between groups in an organization

B within the individual

C between managers and subordinates

D between two or more individuals

E I do not want to answer this question

47 **Specifically, intergroup conflict occurs:**

A between organizations

B between groups in an organization

C within the individual

D between a supervisor and one of his/her subordinates

E I do not want to answer this question

48 **Inter-organizational conflict occurs:**

A between two firms

B between groups in an organization

C between formal and informal organizations only

D between managers and subordinates

E I do not want to answer this question

49 **Moderate levels of conflict tend to:**

A have little or no effect on performance

B have a positive effect on performance

C have a negative effect on performance

D improve work-flow interdependency

E I do not want to answer this question

50 **High levels of conflict tend to:**

A have no effect on performance

B have a positive effect on performance

C have a negative effect on performance

D improve work-flow interdependency

E I do not want to answer this question

51 **Which indirect conflict management technique assigns a person to manage conflict between groups that are prone to conflict?**

A decoupling

B linking pins

C authoritative command

D buffering

E I do not want to answer this question

52 **An internal organizational competition usually results in a:**

A win–win outcome

B lose–lose outcome

C win–lose outcome

D broader bargaining zone

E I do not want to answer this question

53 **Which of the following conflict management styles is highly cooperative but unassertive?**

A competition

B compromise

C accommodation

D collaboration

E I do not want to answer this question

54 **Effective negotiation occurs when:**

A substance issues are resolved and action plans are implemented

B substance issues are resolved and relationships are maintained

C good decisions are made and action plans are implemented

D a wise decision is made

E I do not want to answer this question

55 **Integrative negotiation usually leads to:**

A enlarging the pie

B claiming positions of pie

C one party dominating over the other

D lose–lose outcome

E I do not want to answer this question

56 **Best alternatives to negotiated agreement (BATNA) is associated with:**

A classic two-party negotiation

B attitudinal foundations of integrative agreements

C informational foundations of integrative agreements

D distributive negotiation

E I do not want to answer this question

57 **The bargaining zone in negotiation is:**

A the action setting for the negotiation

B the range between minimum and maximum reservation points

C based on increasing the available resources or 'pie'

D based on making claims and staking out positions

E I do not want to answer this question

58 **Mark below the right definition of Distributive negotiation:**

A negotiation in which the focus is on the merits of the issues and both of the parties involved are trying to enlarge the available "pie" rather than stake claims to certain portions of it

B negotiation in which the focus is on "positions" staked out or declared by the parties involved, who are each trying to claim certain portions of the available "pie"

C negotiation in which the focus is on the merits of the issues and one of the parties involved is trying to enlarge the available "pie" rather than stake claims to certain portions of it

D I do not want to answer this question

59 **Two goals are at stake in any negotiation. These are _____. and _____. Mark the two missing words among the alternatives below.**

A result goals and relationship goals

B substance goals and ambitious goals

C substance goals and relationship goals

D I do not want to answer this question

60 **Introducing a new product is an example of a change called:**

A radical

B frame breaking

C incremental

D unplanned

E I do not want to answer this question
